A Personal Word

From the Coile Family

May 13, 2025

Dear friends,

I want to share something with you, a review of Grace Farm by a mother of five. She says,

"My three oldest kids have been attending Grace Camp for years. I am not sure of anything else that they have been involved in that has had such an impact on them spiritually. It is crazy rustic and kinda old school as far as camp goes but it is so very good. Each year my kids come home so excited about their week and inspired to follow Christ. They count the days till its time to go again. They have made so many friends at camp over the years. . . . I highly recommend Grace Camp for preteens and teens. It's fun, it's unplugged, it's real."

Friends, this is the ministry that my family is involved in. Our founder believed in kids. He believed they had a great spiritual need, and he knew they would need help preparing for the future in a spiritually-dark world. He believed that camp ministry is the most effective way to reach kids with the gospel and train them how to grow in grace.

Now, here we are in our twenty-first year of hosting events at Grace Farm. We are still ministering to kids, and pouring into their lives. God has provided for us in so many ways. We trust Him to continue to meet our needs as we live in obedience to Him.

Prayer Requests for Grace Farm

- That God would provide for our needs
- That no one would leave Grace Farm without the assurance of salvation
- That believers will grow in grace
- That God would use Grace Farm to send labourers into the harvest
- That those coming to serve at Grace Farm will be faithful and effective in ministry

We have given ourselves to camp ministry because we believe God has called us to continue the work, and we believe in the work. Camp ministry works! Camp ministry provides opportunities for our staff to influence kids spiritually for an entire week. Furthermore, the purpose of every song, game, activity, devotion, and message is to point people to Christ. I have decided that a ministry like that deserves my faithful service.

Please pray for our protection as a camp and as individuals.

Thank you for being a friend of Grace Farm!

God bless,
Eden Grace,
for the Coile family
